All the information on this website - www.natisouthafrica.com - is published in good faith and for general information purpose only. Natisouthafrica.com does not make any warranties about the completeness, reliability and accuracy of this information. Any action you take upon the information you find on this website (natisouthafrica.com), is strictly at your own risk.

Natisouthafrica.com will not be liable for any losses and/or damages in connection with the use of our website.

From our website, you can visit other websites by following hyperlinks to such external sites. While we strive to provide only quality links to useful and ethical websites, we have no control over the content and nature of these sites. These links to other websites do not imply a recommendation for all the content found on these sites. Site owners and content may change without notice and may occur before we have the opportunity to remove a link which may have gone 'bad'.

Please be also aware that when you leave our website, other sites may have different privacy policies and terms which are beyond our control. Please be sure to check the Privacy Policies of these sites as well as their "Terms of Service" before engaging in any business or uploading any information.

Any reference to include but limited to links and documentation in this website to any person, or organization, or activities, products, or services related to such person or organization, or any linkages from this web site to the web site of another party, do not constitute or imply the endorsement, recommendation, or favoring of Nati South Africa, or any of its employees or contractors acting on its behalf.

All agricultural investments bear certain risks. Shareholders become co-owners of the land, which is expected to increase dramatically in value and reduce risks. All numbers are calculated on a very conservative basis. All numbers are based on the wholesale of nuts-in-shell, meaning the lowest potential turnover. A basis of 5% inflation cost and 5% country risk were considered. For foreign currencies the yield can rise or fall due to currency fluctuations.

This presentation constitutes no guarantee for statements herein, as these may reflect expectations of forecasts of future corporate actions, market activity, financial performance and future investment strategies. These statements are subject to risks, uncertainties and assumptions which could cause actual events, results to differ significantly from the information presented in or implied by this document.

Consent

By using our website, you hereby consent to our disclaimer and agree to its terms.

Update

Should we update, amend or make any changes to this document, those changes will be prominently posted here.
